

Mental Health Benefits Checklist

Before starting this process, please understand that I am only in-network with Aetna. That means that I bill Aetna directly for you, and you are only responsible to pay me what your contract with Aetna states.

For all other insurance companies, I am out-of-network. I directly bill, and expect you to directly pay me my full fee, which is published and kept up-to-date on the FAQ page of my website here: <https://couplefamilyandsextherapynyc.com/https/couplefamilyandsextherapynyc.com/faq>

You can log my scheduling system here:

at any time, and it will provide you with a properly coded receipt for you to submit directly to your insurance company for reimbursement.

I let you know all this ahead of time so you can choose what's best for you and not be surprised. So, thanks for finding out how your mental health benefits work – it will you time, trouble and expense later on.
